

SLTS REQUIRED TO DESIGN AND DELIVER TRAINING TO TEACHERS AND COMMUNITY WORKERS IN CAMBODIA.

Please see some of the responsibilities that the volunteers will have within their roles below:

- Work with Cambodian Project Manager to establish a Cambodian Speech Therapy University Course Task Force, to bring together stakeholders to start a university course in speech therapy.
- Participate in this Task Force to collaborate with partners (Cambodian and non-Cambodian) to outline curriculum and logistics for a short course in speech therapy
- Meet with and gather detailed information from NGO partners about current practice, training needs, and resources that exist related to speech therapy
- Deliver training to Cambodian partner NGOs as needed
- Gather Cambodian curriculum resources to form curriculum for three identified training streams (Health professionals, teachers and government officials)
- Gather information from Ministry of Education and other educators regarding training needs of teachers in speech therapy
- Review existing speech therapy training program and adapt to the needs of teachers
- Identify and train trainers in curriculum and supervise training
- Collaborate with Monitoring and Evaluation advisor to structure Monitoring and Evaluation for pilot projects that OIC is undertaking
- Providing speech therapy input into strategic plan for OIC team
- Deliver speech therapy professional development topics to the OIC team
