

LIVE CROWD FUNDING

MAITS is really pleased to have been selected along with three other social change organisations to deliver a six minute pitch and face questions from the audience "Dragon's Den" style at an exciting, live crowd-funding event run by the Funding Network.

Through this event, we are pitching for funding to run a life-saving, life-enhancing infant and child feeding programme for children with disabilities and premature babies in Rwanda.

This is MAITS' first external funding, so we would be delighted if you could join us at this event and support our work. The event will take place on:

Thursday 6th July 2017
From 6-9pm

Rathbone Greenbank
8 Finsbury Circus
London
EC2M 7AZ

If you would like to attend,
